

Disposable Suction Irrigator

Clean Precision , Seamless Control

Engineered to streamline surgical workflows, Promed's Suction Irrigator integrates simultaneous suction and irrigation in a unified system. Featuring an ergonomic design and standardized connectivity, it maintains optimal visibility during procedures while supporting precision in fluid evacuation and targeted irrigation.

GENERAL SURGERY SOLUTION

Order Information

PRODUCT CODE	PRODUCT DESCRIPTION	PACKING
SI0528PD	Disposable Suction Irrigator, \varnothing 5.36mmx28cm Composites Probe, Double Spikes	20/Case
SI0533PD	Disposable Suction Irrigator, \varnothing 5.36mmx 33cm Composites Probe, Double Spikes	20/Case
S10545PD	Disposable Suction Irrigator, \varnothing 5.36mmx45cm Composites Probe, Double Spikes	20/Case
S10528PS	Disposable Suction Irrigator, \varnothing 5.36mm X28cm Composites Probe, Single Spike	20/Case
S10533PS	Disposable Suction Irrigator, \varnothing 5.36mmx 33cm Composites Probe, Single Spike	20/Case
SI0545PS	Disposable Suction Irrigator, \varnothing 5.36mm X45cm Composites Probe, Single Spike	20/Case
